

St Mary's Bryanston Square Skills Progression 2025-26- Nursery Class

Characteristics of

Learning

Playing and exploring

Children investigate all things, and 'have a go'. Children actively participate in their own play, develop a larger store of information and experiences to draw on, which positively supports their learning.

Active learning:

Children concentrate and keep on trying if they encounter difficulties. They are proud of their own achievements. Children develop into self-regulating, lifelong learners, they take ownership, accept challenges, and learn persistence.

Creating and thinking critically:

Children develop their own ideas and make links between these ideas. They think flexibly and rationally, drawing on previous experiences which help them to solve problems and reach conclusions.

Early Years Foundation Stage:

At St Mary's Bryanston Square our Early Years department ensures that children receive a quality experience which supports their development and learning. We support our pupils to become confident, independent and compassionate members of the St Mary's family. Our main aim in Early Years is to develop strong foundations rooted in academic success while securing personal and social skills. Our practice reflects the four main principles of the EYFS framework:

- **A unique child** – developing resilient, confident and self-assured individuals
- **Positive relationships** – supporting children in becoming strong and independent
- **Enabling environments** – we provide opportunities and experiences in response to individual needs of the child by developing strong partnership between practitioners, parents/carers and the child.
- **Learning and developing** – an acknowledgement that children learn in different ways and at different rates.

Key Aim: to develop strong foundations rooted in academic success while securing personal and social skills we strive to achieve this by implementing the following aims:

- To provide children with the skills, knowledge and understanding they need to prepare them for Key Stage One and beyond.
- Encourage a love of learning and a sense of exploration in their learning within large and small groups, including both planned and spontaneous group sessions.
- Encourage self-help and independent learning skills across all areas.
- Follow a daily routine, yet recognize the value of adapting this routine due to children's interest, weather conditions and other events.
- Encourage parental/family participation in the children's learning.
- Protect the physical and psychological well-being of all children.

Mathematics Nursery - Long Term Plan

Statutory Guidance from the EYFS Framework for Mathematics:

Developing a strong grounding in number is essential so that all children develop the necessary building blocks to excel mathematically. Children should be able to count confidently, develop a deep understanding of the numbers to 10, the relationships between them and the patterns within those numbers. By providing frequent and varied opportunities to build and apply this understanding - such as using manipulatives, including small pebbles and tens frames for organising counting - children will develop a secure base of knowledge and vocabulary from which mastery of mathematics is built. In addition, it is important that the curriculum includes rich opportunities for children to develop their spatial reasoning skills across all areas of mathematics including shape, space and measures. It is important that children develop positive attitudes and interests in mathematics, look for patterns and relationships, spot connections, 'have a go', talk to adults and peers about what they notice and not be afraid to make mistakes.

Coverage for the Year:	-Exploring colours -Matching colours - Naming colours -Finding a matching pair - Exploring same and different - Sort objects by colour, shape and size -Identifying sorting rules - Explaining what they notice - Identifying the numeral 1 and 2 - Subitising 1 and 2 - Counting 1 and 2 - Developing 1-1 correspondence - Developing counting skill and technique - Exploring and extending AB colour patterns - Copying and creating AB movement patterns - Fixing patterns	-Identifying the numeral 3, 4, 5, 6 - Subitising 3, 4, 5, 6 - Counting 123456 -Developing 1-1 correspondence - Developing counting skill and technique - Introduction to length and height - Introduction to measurement related vocabulary - Introduction to weight - Learn about 2D shapes - Introduction to mass related vocabulary - Introduction to capacity - Introduction to capacity related vocabulary	- Learning the days of the week - Learning the routine -Sequencing the day and activities - Learning and understanding positional language. -Adding one more -Taking one away -Ordering numerals to 5 -Estimating -Exploring and naming 2D shapes - Using shapes to build pictures -Exploring and naming 3D shapes -Comparing more and less - Counting amounts - Building and splitting numbers in different ways - Developing an in-depth understanding of which number comes next 1-5 and before 0-5. - Getting ready for Reception
Mathematical Vocabulary	Colour names, pair, same, match, matching pair, same, different, similar, colour, shape, size, big, small, smooth, shape names, rule, one, two, count, subitise, one at a time, patterns.	Number, numeral, count, find, spot, subitise, 1 by 1, touch count, length, height, long, taller, shorter, big, small, measure, weight, weigh, heavy, light, capacity, full, empty, fill, circle, square, triangle, sides	Days of the week names, daily activity names, first, now, next, today, tomorrow, behind, in front of, next to, beside, under, on top, shape names, one more, one less, before, split, partition, number names.
Suggested Texts – Fiction and Non-Fiction			

The Reception expectations in Maths	Number: Have a deep understanding of number to 10, including the composition of each number. Subitise (recognise quantities without counting) up to 5. Automatically recall (without reference to rhymes, counting or other aids) number bonds up to 5 (including subtraction facts) and some number bonds to 10, including double facts. Numerical Patterns: Verbally count beyond 20, recognising the pattern of the counting system. Compare quantities up to 10 in different contexts, recognising when one quantity is greater than, less than or the same as the other quantity. Explore and represent patterns within numbers up to 10, including evens and odds, double facts and how quantities can be distributed equally.					
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Number and Numerical Patterns Intent Vocabulary Implementation	To recognise, name and match colours. To begin to show an interest in counting aloud verbally to 5. To be able to 'give 1' when asked. Count, number, one, colour, colour names, number songs. Adults providing colour matching activities and modelling naming colours, adults to model counting out during various activities and daily routines, adults to ask children for one of something and support children who are still learning to do this.	To be able to verbally count to 5 with developing accuracy. To develop an understanding of '2' e.g. giving 2 items or noticing 2 in the environment. Count, number, one, two, number songs. Adults to model counting out during various activities and daily routines, adults to ask children for two of something and support children who are still learning to do this.	To begin to be able to verbally count to 10 with developing accuracy. To develop an understanding of '3' e.g. giving 3 items or noticing 3 in the environment. To begin to compare quantities that are significantly more than and less/ fewer than visually without counting them. Count, number, one, two, three, number songs, more, less. Adults to model counting out during various activities and daily routines, adults to ask children for three of something and support children who are still learning to do this, activities based on more than and fewer than.	To verbally count to 10 with developing accuracy. To develop an understanding of '4' e.g. giving 4 items or noticing 4 in the environment. To compare quantities that are significantly more and less visually without counting them. Count, number, one, two, three, four, number songs, more, less. Adults to model counting out during various activities and daily routines, adults to ask children for four of something and support children who are still learning to do this, activities based on more than and fewer than.	To accurately count to 10. To develop an understanding of '5' e.g. giving 5 items or noticing 5 in the environment. To play simple dice and track games developing Subitising skills. Count, number, one, two, three, four, five, number songs, dice, die, track, counting on, subitise, without counting. Adults to model counting out during various activities and daily routines, adults to ask children for five of something and support children who are still learning to do this, dice and track guided activities and within the nursery provision.	To begin to understand that 5 can be shown in different ways, To begin to subitise to 5. To count to 10 and beyond. Count, number, one, two, three, four, five, number songs, dice, die, track, counting on, subitise, without counting, number bonds, different. Children showing 5 on their fingers in different ways e.g. how many fingers are up and how many are down, children Subitising using dice, numicon or dot cards, children counting to 10 and beyond during games, in adult guided groups or independently in play.
Shape, Space and Measure Intent Vocabulary	To be able to play with shapes and begin to make pictures with these. To build a simple jigsaw.	To begin to describe the height and size of something using the terms 'tall' or 'short' and 'big' or 'small'.	To use positional language 'in', 'out', 'on'. To find shapes in the environment. To use 3D shapes to build models.	To use the terms 'long' and 'short' when describing height and size. To understand and follow the instructions	To begin to understand what a pattern is and follow a 2 part simple pattern. To begin to describe	To describe weight using 'heavy, light. To copy or create a 2 part pattern. To understand

Implementation	Shape, shape names, together, new shape, pictures and images, jigsaw, missing, turn, tessellate. Children to have access to shapes to play with and build pictures with, children to have access to puzzles to complete.	Compare, big, small, tall, short, different. Adults modelling the use of vocabulary, children completing activities based on height and size comparison.	In, out, on, shape, shape names, 3d shape, shape names, build, model, flat surface, smooth surface, curved surface. Adults modelling the use of positional language. 3D Shapes available in provision for children to build with – adults modelling this and modelling the use of curves shapes Vs flat shapes.	'forwards' and 'backwards'. Long, short, describe, compare, height, size, forwards, backwards. Adults modelling the use of language, modelling forwards and backwards and playing games involving the skill.	and name some simple shapes – circle, square, triangle. Pattern, repeat, colour names, follow, copy, name, describe, shape, shape names, circle, square, triangle. Adults explaining what a pattern is and the rules of a repeating pattern, patterns in provision and activities, shapes for children to play with and use.	and use a range of prepositional language. Heavy, light, weight, heavier, lighter, pattern, colour, repeat, up, down, under, on top, near, next to, across Children taking part in weight exploration tasks, children completing pattern tasks in guided activities, adults modelling prepositional language and supporting children to use these terms too.

Literacy Nursery- Long Term Plan

Statutory Guidance from the EYFS Framework (2021) for Literacy:

It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).

Adults to provide children with access to their written name.
Typical Writing development across the Nursery, Reception Year and beyond.						
	1. Pre writing	2. Letter strings			3. Early developmental spelling	

Early Steps	I explore making marks, but I do not communicate meaning. Random scribbling. 	I draw pictures. I use lines to look like writing. Scribble writing Left to right direction I begin to assign meaning. 	I write symbols and shapes that look like writing. I assign meaning to the marks Attempts to write name 	I write random letters with no connection between letters and sounds. I talk about my writing. Writes name from memory 	I use letter strings which travel from left to right and top to bottom. I attempt to 'read' my writing. 	I write letters with spaces between them to resemble the idea of words. 	I copy words that I see in the environment around me. I often do not know what the words say. 
Developing Writing Words	I am beginning to hear initial sounds and attempt to write these down. m - mum letter for name	I can hear initial sounds in words and write the letters down to match. c - cat d- dog p - pig	I can write short strings of letters to represent words. Two or three letters in sequence. Hearing /writing final sounds first and then medial. Left to right. muy - mummy sbr - strawberry	I can spell out and write down vc cvc words by matching letters and sounds. at in up cat dog pig	I can write High Frequency decodable and tricky words from memory. mum dad. and can I go to the no into	I can spell out words with consonant clusters, vowel digraphs and trigraphs. buzz fill. mess ship. chip thing rush boat sheep now soil chair night. Pure.	I write more challenging words with a sound knowledge of Phase 2, 3 and 4 phonics. Plausible attempts Phase 2, 3 and 4 HF words Adjacent consonants
Developing Writing Sentences	I can formulate and say a simple sentence for writing.	I can orally compose a sentence and hold it in my memory before I start to write it. Repeats & recalls	I can write a series of beginning letters and sounds for my phrase. There may be no spaces between words. Begins to be readable to others. 	I can recall the order of words in my sentence. I start to put finger spaces between my words and to use known words. Writing is readable. I start to read my sentence. 	I can write a sentence with a full stop and capital letter. I can re-read it and check that it makes sense. Others can read my sentence. 	I can write spaces between all the words in my sentences. Some punctuation may be used. Medial and end sounds evident including vowels in my spellings. 	I can write two or more sentences using real spellings and silent letters. Most sentences have the correct beginning and end punctuation. 

Text forms and purposes	I attempt to write simple labels.	I can write simple labels	I can write simple lists.	I can write short captions and messages. I can write lists, greeting cards and menus.	I can write captions I can write instructions. I can write postcards.	I can write simple stories with a beginning, middle and end. I can write a letter.	I can write stories with narratives and storytelling language. I can write at length.

Physical Development Nursery- Long Term Plan

Statutory Guidance from the EYFS Framework for Physical Development:

Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives. Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination, which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence.

Communication and Language – Nursery Long Term Plan

Statutory Guidance from the EYFS Framework for Communication and Language:

The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.

Understanding the World – Nursery Long Term Plan

Statutory Guidance from the EYFS Framework for Understanding the World:

Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.

Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class. Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter
Characteristics of effective teaching and learning	The EYFS statutory framework (2021) outlines in planning and guiding what children learn, practitioners must reflect on the different rates at which children are developing and adjust their practice appropriately. Three characteristics of effective teaching and learning are: • playing and exploring - children investigate and experience things, and 'have a go' • active learning - children concentrate and keep on trying if they encounter difficulties, and enjoy achievements • creating and thinking critically - children have and develop their own ideas, make links between ideas, and develop strategies for doing things.
R.E – Religious Education	Throughout the year the children will work through the LDBS syllabus for R.E. They will learn about different religions, views and values through special places, books, people and objects. Personal, Social and Emotional Development Nursery- Long Term Plan

Statutory Guidance from the EYFS Framework for PSED:

Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives, and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.

The Reception expectations in PSED.	Self-Regulation: Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly. Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate. Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions. Managing Self: Be confident to try new activities and show independence, resilience and perseverance in the face of challenge. Explain the reasons for rules, know right from wrong and try to behave accordingly. Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices. Building Relationships: Work and play cooperatively and take turns with others. Form positive attachments to adults and friendships with peers. Show sensitivity to their own and to others' needs.

Expressive Arts and Design Nursery- Long Term Plan

Statutory Guidance from the EYFS Framework:

The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe.

The Reception expectations in EAD.

Creating with Materials: Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. Share their creations, explaining the process they have used. Make use of props and materials when role playing characters in narratives and stories.

Being Imaginative and Expressive: Invent, adapt and recount narratives and stories with peers and their teacher. Sing a range of well-known nursery rhymes and songs. Perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.
